

“Hand-tastic” Stitch Sampler Supply List

Each month, we will teach a few embroidery stitches. You can enter them into your Stitch Book, and then use them in the project below, or any project of your choice.

We will be offering an optional pattern each month, using these stitches by Sarah Thomas of Sariditty. These designs can be printed on a fusible Solvy and then washed away after you have completed your stitching. You can then frame your completed project in an 8” embroidery hoop. Due to copyright restrictions, you will need to purchase the pattern each month. The price for each pattern will be \$6, payable to Hinde. She will then provide you with the printed color pdf. If you provide Hinde with your Solvy the week of each class, she will print your stitching template for you.

RECOMMENDED SUPPLY LIST:

- Embroidery threads and colors of your choice
- Embroidery needles-recommend 24 Chenille Or a needle with an eye that will handle your thread and 5 Milliners (Sue Spargo needles are available through her website or Amazon)
- Fabric for your sampler-might be felt, linen, wool, cotton.
- Hoop (optional)
- Thread snips
- Needle Threader
- Sulky Sticky Fabri-Solvy Stabilizer 12/Pkg - 8.5"X11"
